

SMALL CHANGES BIG IMPACTS

25 October, 2023

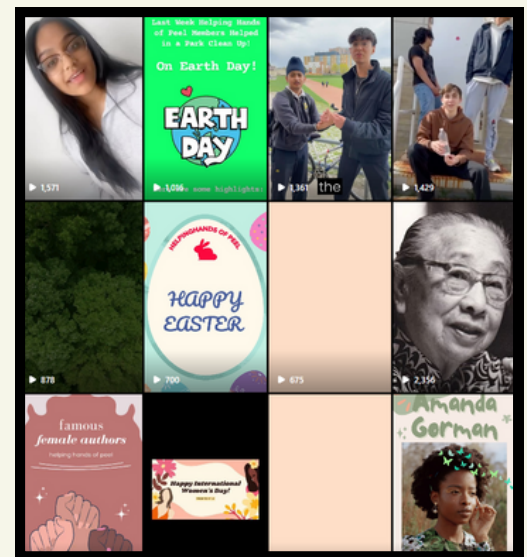

@helpinghandsofpeel

Helping Hands of Peel is a dedicated, student-run organization with a passionate mission to foster positive change within the Peel community. One of our core beliefs is that small changes can lead to big impacts. With unwavering commitment, we strive to make a difference in Peel and our journey is proof that a collective effort at a small scale can bring about transformative change over time. Below are some things HOP has accomplished or started to work on this month as our club just opened!

HELPING HANDS OF REELS

At HOP, we believe the first step toward change is initiative, and the second step is awareness. Throughout the year volunteers can take the initiative to create reels which bring exposure to many different topics. Thus far, we have posted over 40 reels surrounding topics ranging from Movember to Earth Day. The reels we post give watchers a chance to learn more about the problems that plague our world and inspire them to make a difference in their communities. Check out our instagram to watch these amazing videos! Stay tuned for more.

UPCOMING FOOD DRIVE

The annual food drive has been an essential part of this organisation. This food drive has been a success year after year. We have collected over 4000 pounds of food the past 3 years! This year, we are planning on expanding our reach. We will be targeting more neighbourhoods and different groups of people. We expect the amount of food we collect to increase dramatically this year. Stay tuned for more details!

Spread The Message. Raise Awareness.
